§ 2.101 Policy on disclosure of EPA records.

(a) EPA will make the fullest possible disclosure of records to the public, consistent with the rights of individuals to privacy, the rights of persons in business information entitled to confidential treatment, and the need for EPA to promote frank internal policy deliberations and to pursue its official activities without undue disruption.

(b) All EPA records shall be available to the public unless they are exempt from the disclosure requirements of 5 U.S.C 552.

(c) All nonexempt EPA records shall be available to the public upon request regardless of whether any justification or need for such records has been shown by the requestor.

(d) When documents responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs, such as, but not limited to, the Government Printing Office or the National Technical Information Service, EPA will inform the requester of the steps necessary to obtain records from the sources.

§ 2.102 [Reserved]

§ 2.103 Partial disclosure of records.

If a requested record contains both exempt and nonexempt material, the nonexempt material shall be disclosed, after the exempt material has been deleted in accordance with § 2.119.

§ 2.104 Requests to which this subpart applies.

(a) This subpart applies to any written request (other than a request made by another Federal agency) received by any EPA office, whether or not the request cites the Freedom of Information Act, 5 U.S.C. 552. See §§ 2.107(a) and 2.112(b) regarding the treatment of requests which are directed by the requestor to offices other than those listed in § 2.106.

(b) Any written request to EPA for existing records prepared by EPA for routine public distribution, e.g., pamphlets, copies of speeches, press releases, and educational materials, shall be honored. No individual determination under § 2.111 is necessary in such cases, since preparation of the records for routine public distribution itself constitutes a determination that the records are available to the public.

§ 2.105 Existing records.

(a) The Freedom of Information Act, 5 U.S.C. 552, does not require the creation of new records in response to a request, nor does it require EPA to place a requestor's name on a distribution list for automatic receipt of certain kinds of records as they come into existence. The Act establishes requirements for disclosure of existing records.

(b) All existing EPA records are subject to routine destruction according to standard record retention schedules.
